

Holiday Greetings To All:

It is not too early to start thinking sailing!

Our goal for this year is to spread the fun amongst as many as possible. In order to grow our participation, one of our objectives is to establish a data base that includes all skippers, crews, race sponsors and race management teams. We will be sharing notice of races, race results, and updates throughout the year. This is our first attempt to establish this communication link.

2011 Mackinac Island Regatta Schedule. - Enclosed is the schedule sailing events for 2011 for your calendar. We will also be forwarding notice of races periodically through the year.
